BARBOURVILLE, KY., FRIDAY, SEPTEMBER 1, 1916.

\$1.00 per Year In Advance

Minton-Cole.

A pretty home wedding was solemnized Wednesday morning when Miss Myrtle Cole, eldest daughter of Mr. and Mrs. Robert Cole, were united in marriage, the Rev. J. W. Ligon officiating. The ceremony was performed in the parlors of the Cole residence, only the immediate relatives being present.

Immediately after the ceremony the bride and groom left in an automobile for Corbin. From that point they left by the L&N. for Cincinnati and other northern points, to be gone a few days, after which they will be at home in this city.

Miss Cole, a graduate of Caldwell College, Kentucky's leading female college, is a young lady of unusual talents and has a host of friends all over Kentucky. She is an accomplished artist and her work along this line has attracted much attention. In Barbourville's younger set she is very popular.

The groom has been a resident of Barbourville for only a few years but numbers his friends by his acquaintances. As junior member of the manufacturing firm of T. W. Minton & Son, one of Southeastern Kentucky's largest industries, he has displayed marked executive talents and has assisted materially in the upbuilding of this flourishing industry. He is a young man of exemplary habits and a bright career is predicted for him.

Notice To Road Contractors.

Sealed proposals will be received September 16, 1916, at one o'clock p.m., by the Fiscal Court of Knox county, Ky., at the Court House, Barbourville, Ky., for constructing two miles of macadam road at Flat Lick, Ky., and also for grading three miles of road between Barbourville and Artemus, Ky. Plans and specifications can be seen at the office of the County Road Engineer, Barbourville, Ky., after Sept. 1. A certified check for \$250.00 must accompany each bid. The Fiscal Court reserves the right to reject any and all bids.

By order of the Fiscal Court.
READ P. BLACK,
Clerk Knox Co. Court.

Christian Church.

Vacation is now over and we are ready to begin work in earnest. There will be service next Sunday both morning and evening. The subject of the forenoon sermon will be "Paul's Credentials and Theme." The subject for the evening will be "Gideon the Judge." Special music, and all invited.

J. W. LIGON, Minister.

Logan-Croley.

Last Friday morning at ten o'clock Dr. Leslie Logan and Miss Beatrice Croley were united in marriage at the residence of the bride's brother, Mr. John W. Croley, Rev. L. W. Russell, pastor of the Baptist church, officiating.

Immediately after the ceremony the happy couple boarded train No. 22 and went to Crab Orchard, where Dr. Logan had shipped his automobile. From there they will tour the Northern States and will return to this place in three weeks where they will take up their residence on Pine street.

Dr. Logan is one of the best physicians in this end of the State. He has performed many remarkable operations, and has been very successful.

Miss Croley is the daughter of Mr. and Mrs. Andrew J. Croley, and is one of Barbourville's most attractive and popular girls.

We hasten to wish this happy pair much joy and success in life, and that their honeymoon will not be over until one of them receives the summons to come up higher.

Accident.

Baston Wyrick accidentally shot himself in the leg last Wednesday night. It is a very painful, though not a serious wound.

Notice.

It has been discovered that small boys playing hide and seek in the court house yard at nights are using the bed of flowers for a hiding place. Breaking off some of the stalks and injuring the growth of the plants. This canna bed is an ornament and a delight to look upon. These boys should be looked after.

A CITIZEN.

Official Inspection Tour Over Boone Way

Final plans have been announced for the Official Inspection Tour of the Southern Appalachian Highway Association over BOONE WAY from Bristol to Lexington, Ky. The party will be in charge of Henry Roberts and A. Gray Gilmer, of Bristol, and will be composed of a number of prominent men from Southwest Virginia. Meetings will be held in all the towns along the Highway, and prominent speakers will address the people on the subject of BOONE WAY and good roads in general.

Hon. J. F. Mixer, Editor of the Automobile Blue Book, the greatest Tourist Routing Agency in the World, will come from New York especially to join the party. Several cars will start from Bristol and they will be joined by others enroute.

Among the speakers may be mentioned A. Gray Gilmer and Mayor George M. Warren, of Bristol, W. H. Aston of Washington County, E. S. Finney of Russell county, H. I. Shott of Bluefield, E. J. Prescott, of Big Stone Gap and Hon. J. F. Mixer of New York.

The party will be piloted thru Cumberland Gap into Kentucky by Mayor J. L. Manring of Middlesboro, who will meet them at Cumberland Gap, Tenn. Other Kentuckians will join the party enroute and make the trip to Lexington, where the big road Convention opens on the 5th and the Lexington Races on the 6th.

The party will leave Bristol at 6 a. m. Monday morning, Sept. 4th and will spend the first night at Pineville. They will leave Pineville at 6 a. m. on the 5th and hold meetings en route as follows: Barbourville 8:00; Corbin 9:00; London 10:00; Livingston 11:00; Mt. Vernon 1:00 p.m.; Crab Orchard 2:00.

The meetings will be held from the cars in the streets of the towns so as to save time. The party expects to arrive at Lexington about 4 o'clock.

Notice Filing of Petition

On Sept. the 7th 1916, I will file a petition in the Knox County Court, praying the widening of the present road and changing the location of some of the present roads. Beginning at the corporation limits of Barbourville and extending up Fighting Creek through the lands of Sam Hays, H. H. Owens, J. C. Sprouls, T. J. Henson, Isom Unthank, Tom Poindexter, Widow Grindstaff, Loss Yeager, Peter Asher, J. M. Scalf, A. Howard, W. S. Woodson, Wm. Stewart, Robt. Corum, Lee Cole and others, and intersecting with the improved road at Lee Coles. Said change and widening to be as per survey made by the locating Engineer plans of which has been approved by the Fiscal Court of Knox County and State Commissioner of Public roads and is now on file with the County Road Engineer of Knox county and State Road Commissioner.

This the 28th day of Aug. 1916.

Thos. Hubbard,

County Road Engineer of K. C.

FARM FOR SALE.

Will sell privately farm of 175 acres, close to Springfield and Lebanon, Ky., on good road and well improved. This farm must sell at once. For particulars write T. E. Brown, Lebanon, Ky. Stg-15.

Big Speaking.

Last Monday being County Court, and there being a large crowd in town it was the opportune time for the Republicans to give the Democrats a "lambasting" that they seldom ever get. Hon. Ben L. Bruner, of Louisville, was here and being called upon to say something for the Republicans there assembled, arose and let forth and if a poor deluded set of fellows ever got it properly administered to them the Democrats of Knox county got it. Dr. Bruner is a man that is always loaded with a good speech, and on this occasion it seemed that he was overloaded. Hon. J. W. Perkins, Sheriff of Whitley, could not restrain himself when called for and proceeded to take the little skin that Dr. Bruner had left off of the Democrats, and told those present that victory in November was ours without a doubt if we would only do our duty.

Are You Looking Old?

Old age comes quick enough without inviting it. Some look old at forty. That is because they neglect the liver and bowels. Keep your bowels regular and your liver healthy and you will not only feel younger but look younger. When troubled with constipation or biliousness take Chamberlain's Tablets. They are intended especially for these ailments and are excellent. Easy to take and most agreeable in effect. Obtainable everywhere.

Forest Notes.

The annual value of the farm woodlot products of the United States is over \$195,000,000.

More people are spending their vacations on National Forests this summer than have ever done so before, many persons traveling long distances by automobile in order to camp in these public playgrounds.

The rabies epidemic which is carried by infected coyotes is spreading eastward in Utah. Rabid coyotes are common in the entire western part of the State, and one has been killed within thirty miles of Salt Lake City.

How To Give Good Advice

The best way to give good advice is to set a good example. When others see how quickly you get over your cold by taking Chamberlain's Cough Remedy they are likely to follow your example. This remedy has been in use for many years and enjoys an excellent reputation. Obtainable everywhere.

Jarvis-Nolin

Last Tuesday Stephen Nolin of Chenoa, and Miss Pearl Jarvis were quietly married in this city and left on the first train on their bridal tour.

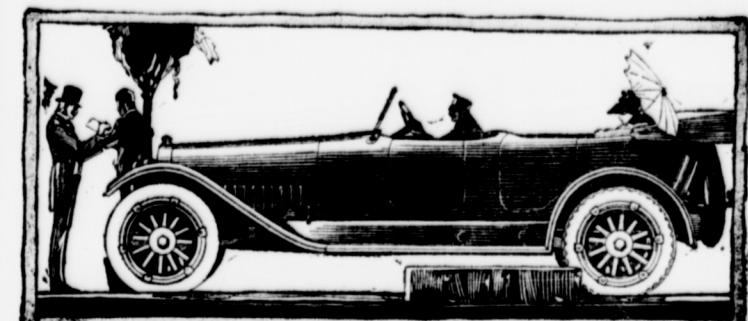

Mr. Nolin is a fine young fellow and a member of the old time Nolin family, one of the oldest and most respected in this end of the State. He is the operator in charge of the L. & N. R. station at Chenoa.

Miss Jarvis is the daughter of Ex-Sheriff L. H. Jarvis. She is a most beautiful and charming young lady, and is a model worker School and church work. We wish them many happy and prosperous years.

Chamberlain's Colic, Cholera and Diarrhoea Remedy

This is a medicine that every family should be provided with. Colic and diarrhoea often come on suddenly and it is of the greatest importance that they be treated promptly. Consider the suffering that must be endured until a physician arrives or medicine can be obtained. Chamberlain's Colic, Cholera and Diarrhoea Remedy has a reputation second to none for the quick relief which it affords. Obtainable everywhere.

For Judge of the Court of Appeals

A Dirty Contest

The contest suit instituted by A. J. Kirk, in the effort to take the Republican nomination for Appellate Judge from Judge Sampson upon a technicality, is as most People put it, an outrage. Kirk has held office, as a Republican, every day since he arrived at the age of twenty one, up to the first day of January, last. He has been fed at the hands of the party. But since he is defeated he, like a down and out politician, is willing to disrupt the party and bring about defeat for the National ticket for selfish purposes.

Judge Kirk admits he was defeated at the polls—that a considerable majority of the voters registered their preference for Judge Sampson. He is not contesting upon the ground that any fraud or wrong was done him; he does not claim that Judge Sampson spent money or used whiskey or any other thing of value to influence voters. His only claim is, that a statement of expenses was not filed by Judge Sampson on the fifteenth day next before the Primary, and he is wrong even in this. But in spite of the fact that 859 more men voted for Sampson than voted for Kirk, yet this down and out politician would, through a technicality—a mere quibble, take the nomination from the man whom the people chose.

There is no doubt in the mind of any well informed man that the corporations furnished Kirk a corruption fund of more than thirty thousand dollars with which to make this race. A very large part of this was used on the day of the election to corrupt voters. Even Kirk himself on election day at one precinct in Pike County, openly bought votes and this is charged in the response to his contest. His friends in various counties through the district were doing the same thing. But he, like a baby-like something less than a man, makes a fuss when the people make a nomination on their own volition and of their own free will.

Kirk is condemned by his own plea in the eyes of all honest men. He can not win by any such hook or crook. The people are entitled to have their way when they vote. This is a government by the people, or for the people. It is a Republic, and the majority are entitled to and will rule. There is and can be nothing in a contest such as Kirk has instituted, except annoyance, and perhaps confusion in the Party. No good can come of it. There is no law by which a majority can be overcome by a minority.

Gets Credit For Something She Didn't Get

There was a lot of State Democratic Pie distributed last week and among them appeared the name of J. E. Black of Knox County; this J. E. Black; does not now, and has not since he was a very small boy lived in this county. He is a son of D. W. Black, who moved from this county to Madison county thirty years ago, and there he, J. E. Black was reared, later moved to Winchester. The County seat of Clark county, and is therefore not a resident of Knox county.

Lieut. Gov. James D. Black recommended six of Knox county's good democratic boys for a place as one of the Guards down there but Governor Black is a mountain man, and from the Eleventh Congressional District, and he is also a man who is opposed to the liquor interest, and stands for every thing that is clean. He would have been glad to do something for his county men, but it looks as though he will fail.

Governor Black did not recommend his nephew, a resident of Clark county for this place, and knew nothing of it until he saw it in the paper. Governor Black had no whiskeys in this county, by the name of Black who are Democrats, that we can call to mind and we are very well acquainted with his family, hence he did not recommend any of his own people, but rather those of his close friends who were Democrats.

Governor James D. Black is the best known man in the State today, the Democratic politicians of the state are already jealous of him. They believe that the better element of the Democratic party have their eye on him for the next nominee for Governor of the State, and they, the liquor element of the Democratic party are awfully uneasy, and well they may be, that he will be the winner in the fall of 1919. We believe that he will win that nomination, he will by that time have won the affections of the people of the State, the time has come when the people of the State of Kentucky are going to demand that our chief executive be a sober man and one who will oppose the sale of intoxicating liquor in any way, shape, form or fashion.

The Democratic contingent in the Senate is all worked up over the fact that the terms of the treaty for the purchase of the Danish West Indies "leaked out." "Pitiless publicity," you understand, has been consigned to the scrap heap with a large assortment of various other Democratic policies and promises.

Housewives in need of pork recipes should address the Wilson administration.

Mr. Wilson has made no reply to the charges of Mr. Hughes. Is he still too proud to fight?

By the way his opponents are abusing him, it is evident that Mr. Hughes has touched them on the raw.

No apology which the Wilson administration can make for its futile and irritating Mexican policy will satisfy the American people. It has lacked conspicuously the two characteristics which Hughes promises—a friendly spirit and a firm hand.

Pitiless publicity, says Mr. Hughes: have a heart, say the Democrats.

Of Mr. Wilson it may be said he meant well, but he now finds himself buried under the evidence of inefficiency that Mr. Hughes has brought forth.

There are those who assert that Woodrow Wilson is a clever politician. But how do they account for his return to a committee of women, calling upon him, to the effect that if they made suffrage "the paramount issue of this campaign," he would "lose all respect for them?" The women of the enfranchised States assert that this threat will cost Wilson the presidency.

Secretary Daniels, however, has the distinction of being one of the greatest arguments the Republicans have ever had.

The salary part of the rural credit system has already begun.

Mr. Bryan thinks Mr. Hughes unfitness for the bench because of the prejudiced frame of mind evinced by his speeches. Wake up, Bill, he ain't running for no judge ship.

Mr. Wilson underestimated the suffragists; but it appears they have him sized up properly.

Ill fares the land where public office is bought and the people are sold.

The high fragmentation of those Hughes bombs is causing consternation in the Wilson trenches.

Bainbridge Colby is almost as violent in his criticism of Mr. Hughes as he was in condemnation of Mr. Wilson's position on Panama two years ago.

Of course President Wilson has a perfect right to change his mind as often as he pleases, but that is quite different from repudiating distinct promises made to get votes. If the pledges on which he rode into the White House have proved worthless because he changed his mind, what faith is to be put in the pledges he is now making in his appeal for re-election?

EDITORIAL COMMENT.

The fact that the Democratic campaign managers have booked Secretary Daniels for a speech in Maine seems to indicate that they have abandoned all hope of carrying the state and simply don't care what happens to the ticket in the September election.

Senator J. Ham Lewis, a spokesman for the administration, in attempting to apologize for the president's mollycoddle expression that we are "too proud to fight," explains that it is an old Latin quotation. But the people already know that it is out of date and the expression of a decadent nation.

"We don't want to maintain a political almshouse," remarked Mr. Hughes to the North Dakota farmers, and a nation applauds him. Americans are beginning to see a possibility in the near future of regaining their self respect.

This administration seems to have sold everything it could, from the nation's honor down to the smallest rural postmaster.

Secretary Daniels says this is no time for politics. And it's no time for Secretary Daniels either.

Senator Lewis, defending the president on his "too proud to fight" expression intimates that it was due solely to the ignorance of his audience that the popular interpretation that has been put upon it was evolved, and that anyway it didn't mean what it appeared to mean. The latter statement can be taken with some degree of confidence, as it is quite a well known fact that most of the things the president says do not mean what they are supposed to mean.

Secretary Redfield has presented another of those living illustrations of the old adage that "fools rush in where angels fear to tread," with one important modification. The difference in the Secretary's case is that he walked right in and turned around and was kicked right out again.

Reconstruction, of course! When the great war is over, shattered Europe must be rebuilt. Mediaeval architecture, crumbled by cannon, will be replaced by well-lighted, well-ventilated, convenient and sanitary buildings of the present day. In this tremendous rebuilding,

Certain-teed
Roofing

will play a leading role; for CERTAIN-TEED is the twentieth century answer to the demand for roofing that is economical to buy, easy to lay and inexpensive to maintain.

CERTAIN-TEED Roofing is made in rolls; also in slate-surfaced shingles. There is a type of CERTAIN-TEED for every kind of building, with flat or pitched roof, from the largest sky-scraper down to the smallest residence or out-building.

It makes a clean, sanitary, attractive roof, with a very low cost per year of life. It is guaranteed for 5, 10 or 15 years, according to ply (1, 2 or 3). Experience proves that it outlasts the period of guarantee.

If you are interested in roofs, investigate CERTAIN-TEED before you decide upon the type to buy. You will find CERTAIN-TEED for sale by responsible dealers all over the world.

The long life of CERTAIN-TEED is due to the quality of the roofing felt and the character of the asphalt saturation. This is a blend of soft asphalt prepared by the General's board of expert chemists. The highest quality roofing felt is thoroughly saturated with this soft blend, and is then coated with a blend of harder asphalt, which prevents the drying-out process so destructive to ordinary roofing.

Hopper News

That agriculture will be developed throughout the United States just as community centers are developed and that when the two are separated the fabric of rural life will be torn down, is the belief of Prof. G. L. Chillicothe superintendent agricultural extension work, Purdue University, who in talking before the convention of the National Fertilizer Association recently, used the above statement regarding agriculture by president Garfield as his text.

"Do you think that we can develop the country districts of Indiana, or any other state, if we destroy the rural town? The rural town grew up because the farmers wanted and needed stores where they could market their produce and buy supplies."

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body.

In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamless sleep, irritability and unless corrected, leads straight to a breakdown.

To correct nervousness, Scott's Remulsion is exactly what you should take; its rich nutriment gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol.

Tanlac Secures Highest Record

Quality Tells the Interesting Story of This Extraordinary Medicine

No other medicine ever has approached the wonderful record of Tanlac. Its success is a romance of the staid business world a success built on merit so unusual that in just nine months after Tanlac had been introduced, one million bottles had been sold to men and women who had learned its superior qualities for the relief of ailments of the stomach, liver and kidneys and catarrhal affections.

Tanlac appeals to the best people everywhere. These are the men and women who judge intelligently and impartially, and the result always is a Tanlac verdict. Upon the endorsement of many thousands of well known people rests the great and secure popularity of Tanlac.

Those who take Tanlac always return for the second bottle because the first doses establish its merits. Tanlac is so efficient and pure, it at once makes known its value in derangements of the stomach, indigestion, upset nerve and debility.

Tanlac, that has come to be generally known as the Master Medicine, may now be obtained in Barbourville at the Herndon Drug Co., where it is explained daily to many people.

We note that another deputy sheriff was killed in Harlan last week.

E. F. White, Clerk of the County Court of Whitley, was here Monday.

H. G. Gillis was among the many lawyers and officers who came to this city Monday to hear the contest, which was not tried.

It is expected that a good number of the fellows will go to Lexington next Tuesday to hear the next President of the United States speak.

Notice

I have not now, and have not since April 1915 1915, had any connection with the Barbourville Auto Company whatsoever. (9-1-4t) C. B. PARROTT.

NOTICE

On account of the health of J. M. Tinsley, the firm of Herndon and Tinsley has dissolved partnership; A. N. Herndon having bought the business, they request all parties owing the firm to call and settle at once.

Constipation the Father of Many Ills

Of the numerous ills that affect humanity a large share start with constipation. Keep your bowels regular and they may be avoided. When a laxative is needed take Chamberlain's Tablets. They not only move the bowels but improve the appetite and strengthen the digestion. Obtainable everywhere.

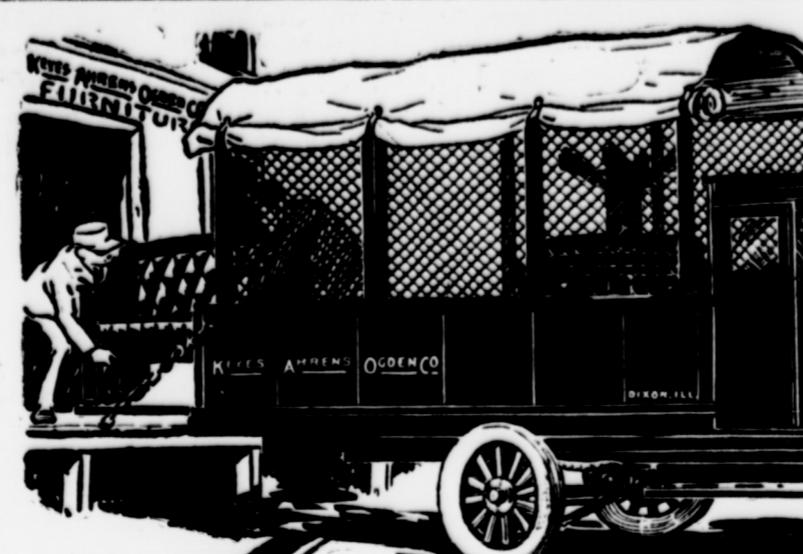

Dissolution.

Notice is hereby given that the Parker Mercantile Co., of Barbourville, Ky., is closing up its business for the purpose of dissolution. Those having claims against said company, will file them with B. E. Parker, Secretary and treasurer, at once.

\$350 and a FORD makes a guaranteed One Ton Truck

Turns Half Your Delivery Costs into Profit

This is the reason for the tremendous sales of Smith Form-a-Trucks among live, aggressive furniture dealers and furniture movers. It eliminates half the expenditure usually made between the store and the final point of delivery.

For furniture movers it effects a big saving by enabling one moving crew to do the work which it now takes three to accomplish if you are using horse drawn service. But the time saving is not the only big point of advantage of the Smith Form-a-Truck.

The low investment — half the cost of any other fully guaranteed one-ton truck — makes it the only delivery conveyance you should consider.

And it is fully guaranteed. You get the same service — the same reliability — the same long life that you get from trucks costing twice as much. And you get the same guaranty that is given to you by manufacturers of the most expensive trucks built.

Smith Form-a-Truck Co., Chicago, Ill.

With 2,000 lbs. and roads in good condition, we find no occasion to shift gears on either hills or levels.

To be quite definite: We have driven our truck over and through all kinds of road conditions and never stuck. Never had to be pulled out or up.

If we were adding several trucks, each would duplicate the Smith Form-a-Truck.

KEYES-AHRENS-OGDEN CO.

The Smith Form-a-Truck is built strongly of the best materials and according to the highest grade specifications.

The attachment itself, which fits over the frame of any Ford car, consists of a 4" channel section steel frame which lengthens the wheelbase of the Ford to 125 inches: sturdy rear axle; strong rear wheels with Firestone truck tires, 32 x 3 1/2"; double chain drive, using the rear axle of the Ford as a jackshaft.

The frame is strongly reinforced with three cross members, and with gusset plates at the rear.

It lengthens the wheelbase, giving a loading space back of the driver's seat large enough to accommodate any type of body you might want to use.

Special Lubrication Feature

To guarantee trouble-free, efficient lubrication for Ford motors used in connection with the Smith Form-a-Truck, we are furnishing as regular equipment with every Smith Form-a-Truck, a Smith Form-Oiler. This is a forced-feed system with gauge on the dash and a system that insures a positive, even flow of oil to all bearing parts on the motor. It reduces the amount of oil consumed — prevents burning out connecting rod and crank-shaft bearings and eliminates troubles and increases the life and efficiency of motor.
